Game

- As a Company...we want to display the game we have created

- **About Numetry**

- As a company...I want to create an option...that can benefit children that struggle with math.
- As a company...I want to help children...that struggle with math.
- As a company...I want to give teachers...an option to teach children math.

- As a Guardian...I want to find an option to teach my child math...

- **About Numetry**

- As a Guardian...I have a child...that struggle with math
- As a Guardian...I think schools...should come up with better ways to teach math.
- As a Guardian...I also struggled with math at school...and therefore struggle to help my child.

- As a Teacher...I want to find options...to teach my struggling students math.

- **About Numetry**

- As a Teacher...I have students...struggling with math.
- As a Teacher...I wish there were options out there...that could help my struggling students.

- As a Child...I am struggling with math...and don't know any ways to learn math without pegging.

- **About Numetry**

- As a Child...I don't know...how to cope with my math-struggles.
- As a Child...I want my...teachers to help me with my struggles
- As a Child...I want my...Guardians to help me with my struggles
- As a Child...I want...someone to help me with my math struggles.

... So that
... because

What

Why

So we can sell it

so that my child
can learn it
because my child
struggles with math

Introduction ~~of Geometry~~

of company & Game
